EDUCATION	University of California - Irvine, USA PhD, Economics, Fall 2017 - Summer 2023 (<i>expected</i>) M.A., Economics, 2019 Madras School of Economics, CUTN, India M.Sc., Economics, 2016 Hansraj College, University of Delhi, India Bachelor of Commerce (Honours), 2013	
RESEARCH INTERESTS	Macroeconomic Policy, Monetary Economics, Behavioral Macroeconomics, Climate Change and Macroeconomy.	
JOB MARKET PAPER	Fiscal Policy and Sentiments in a Monetary Union <i>Abstract:</i> Members of a monetary union have limited control over monetary policy. This can elevate the role of fiscal policy as the primary macroeconomic tool against country-specific shocks. Using data for the European Economic and Monetary union, I first provide evidence that fiscal policy is highly effective at stimulating output in a monetary union through its positive impact on consumer sentiments. I show how fiscal policy can increase output via its impact on consumer sentiments in a New Keynesian model of currency union where agents have near rational expectations.
